Enhancing Corporate Well-being

2025-26

About Us

At HealthClinic2You, we bring healthcare directly to your workplace, making health checks convenient, accessible, and stress-free. Our expert team helps businesses foster healthier, more productive teams

Why Invest in Employee Health?

- **Reduce Absenteeism** - Long-term sickness costs UK businesses **£24.7 billion annually**.¹
- **Boost Productivity** - Workplace well-being programs increase productivity by **10%**.²
- **Strong ROI** - Every **£1 invested** in employee health can deliver a return of up to **£34**.³

How We Improve Employee Health

Spotting Hidden Health Risks

1 in 4 UK adults have **undiagnosed conditions** like high cholesterol or diabetes.⁴

Prevention is Better Than Cure

By embedding regular health checks into company culture, businesses shift from reactive healthcare (treating illnesses) to **preventative healthcare** (stopping issues before they arise). This leads to healthier, happier employees and a more resilient workforce.

Building a Culture of Wellbeing

A workplace that prioritises health creates a more motivated and engaged workforce.

Our **personalised health insights** empower employees to take charge of their wellbeing, promoting **proactive self-care** and **long-term health improvements**.
